

Washtenaw Literacy COVID Phased Re-Engagement

We are committed to providing safe, inclusive program options. Given the nature of COVID, it is necessary to remain vigilant and adaptable. This means moving forward, or back, between these phases will be in accordance with recommendations from the Washtenaw County Health Department and the CDC.

- ✓ Staff is 100% vaccinated and current on boosters. Vaccines are safe and effective.
- ✓ **Vaccines and boosters will be required for all programs except ESL Community Tutoring (drop-in).** We continue to offer virtual programming for those who prefer it.
- ✓ We require volunteers and learners who meet in person to share if they have been exposed to COVID, or have tested positive.
